

Bahrain COVID-19 Travel Update – June 28, 2021

All tourists aged six and older must pay \$95 for PCR tests on arrival and on the tenth day in the country. For those who aren't vaccinated, a negative test taken within 48 hours before landing is required, and they must quarantine for 10 days at their own residence or at a government designated hotel. Some land entry is possible, which involves a testing requirement.
