Tanzania COVID-19 Travel Update - December 1, 2020

All arriving travelers are subject to medical screening upon arrival.

Entry Restrictions

Tanzania has not implemented any entry restrictions, but all arriving travelers are subject to medical screening upon arrival and the government is collecting tracking information for all international travelers.

Entry Requirements

The Government of Tanzania is implementing temperature scanning for all international passengers arriving into Tanzania. Travelers who show symptoms of COVID-19 on arrival may be required to take a test. Travelers must complete a Health Surveillance Form on the plane and submit it to the Port Health authorities upon arrival.

Travelers and airline crew are subject to medical screening.

Quarantine Requirements

Travelers who are tested for COVID-19 on arrival may be required to self-isolate for 14 days.
